### 4. Specifications of products

In its order, the customer shall precisely and completely define the specifications of products purchased; he shall be responsible for his errors and omissions.

### 5. Product certifications

If the products must be certified according to a standard, the customer shall specify this in his request for a quotation and on his order.

They are valid for the order as defined in FPS's confirmation and may be modified by FPS if the customer changes his order. Cost relating to bank guarantees, certification, custom duties, taxes, etc. are not included.

### 7. Order reduction or cancellation, change of delivery schedule

If the customer reduces or cancels the order, or changes the delivery schedule and that FPS, based on the customer's order, has already launched the production for the corresponding products, FPS shall invoice the customer all its direct and indirect cost resulting from the customer's decision.

### 8. Delivery time

The agreed delivery time is mentioned in FPS's confirmation. FPS may extend it on grounds imputable to the customer, notably in case of modification of the specifications, delays in receiving payments, late delivery by the customer of components or other item to be assembled in or to the motor, or when compelling circumstances affecting FPS or third parties occur without FPS is able to withdraw them, despite the attention commanded by the circumstances (e.g. disruptions in the operation of the business, labor conflicts, late arrival or defective raw material or semifinished goods or finished goods, actions or omissions administrative, natural phenomena, etc.).

Delivery time shall be deemed respected once FPS has informed the customer that products are ready for delivery. A delay in delivery shall confer no right to claim damages for direct or indirect prejudices or repercussions, etc. or to reduce or terminate the order.

The customer shall verify the state and quality of the products immediately upon receipt. In case of transport damage, he shall immediately inform FPS, the last carrier and the transport insurance company and shall gather all necessary proofs and keep them at their disposal. ### 14. Payment

Except if stated differently in FPS's confirmation of order, all invoices are payable in full within thirty (30) days from the invoice date. Passed this deadline, FPS shall be entitled to invoice interest on the amount due at 4 % over the then current lending rate of the Swiss National Bank. The guarantee does not cover damage resulting from normal wear, improper treatment, excessive use or failure to observe the instructions for use.
