

RoHS Directive 2011/65/EU

Dear Customer,

The **RoHS Directive 2011/65/EU** of the European Union describes the restriction of the use of certain hazardous substances in the production of electrical or electronic products.

According to Article 4, Paragraph 1, all substances listed in Annex II are subject to a restricted use with maximum concentration values tolerated by weight in homogeneous materials:

Substance	Max. concentration values tolerated in % weight
Lead (Pb)	0.1%
Mercury (Hg)	0.1%
Cadmium (Cd)	0.01%
Hexavalent chromium (Cr VI)	0.1%
Polybrominated biphenyls (PBB)	0.1%
Polybrominated diphenyl ethers (PBDE)	0.1%
Bis(2-ethylhexyl) phthalate (DEHP)	0.1%
Benzyl butyl phthalate (BBP)	0.1%
Dibutyl phthalate (DBP)	0.1%
Diisobutyl phthalate (DIBP)	0.1%

A multitude of applications are exempted from the restriction described in Article 4 and Annex I. These applications are listed in Annex III and IV of the above-mentioned Directive.

Regardless whether the current regulation is valid for our product range, we confirm herewith that all the delivered products are already compliant with the restrictions of certain hazardous substances as described in this Directive¹.

We will inform you immediately in case of any modification to the Directive or change in the list of substances that would have an impact on the delivered products, and are naturally available for any further clarifications you may require.

Best regards,

FAULHABER MINIMOTOR SA
